

# Next Evolution of the Naída CI Platform from Advanced Bionics Extended Warranty and Upgrade Announcement

**Advanced Bionics is excited to announce a special warranty and upgrade offer for the next evolution of the Naída CI platform.**

## Extended Warranty for New Systems

As of February 9, 2015, any patient choosing AB for their new cochlear implant surgery will have 2 years added to their 3-year core-system warranty, giving them a 5-year core-system warranty\*. In addition, these patients may exchange one Naída CI Q70 sound processor for the next evolution of the Naída CI platform, once it is available.\*

## Upgrade Opportunity

Any patient upgrading during this time period may also exchange one Naída CI Q70 sound processor for the next evolution of the Naída CI platform, once it is available, and will remain covered on the standard 3-year core-system warranty.\*

## Our Mission

AB remains firmly committed to making a difference in the lives of those affected by hearing loss. We are confident that our next introduction will continue our tradition of innovations for helping patients hear their best and enjoying life to the fullest.

**To learn more, please contact your AB representative.**

\*This is a limited-time offer in the United States and Canada only. Exchanges must be completed by December 31, 2015.
